

## Paid in Full - Heima Er Best

Heima Er Best (which means Home Is Best in Icelandic) has been a presence in Gimli since 1984, creating warm and wonderful homes for adults with developmental disabilities (vulnerable people). Their homes are places of safety, security and warmth where each person they support receives encouragement and assistance to enable them to become all they can be.

Jubilee Fund was happy to come alongside Heima Er Best and offer a loan of \$5,000. The funds were used to bridge financing needs in advance of grant support income to assist with increased staffing costs related to COVID-19.

Part of the mandate of Jubilee Fund is to assist organizations like Heima Er Best to offer affordable and accessible services to Manitobans.

**Congratulations to Heima Er Best on their continued work in this field and the complete payment of their loan commitment which is now Paid in Full.**

**It is because of investments from our ethical investors making their resources available to Jubilee Fund that we are able to assist organizations like Heima Er Best in their efforts to support and development mental health care in Manitoba. It is through such investments that lives are changed for the better.**

Once again well done Heima Er Best! It has been fantastic to work with you on your efforts!
