

## Paid in Full - Manitoba Green Retrofit (Purpose Construction)

It is our pleasure to announce that long-time Social Impact Partner, **Purpose Construction**, has **Paid-in-Full** a loan for their **Manitoba Green Retrofit program**!

With a loan guarantee of \$112,500 made possible by the generosity of Jubilee Fund investors and donors, Purpose Construction was able to continue a valuable service refreshing and cleaning Manitoba Housing units ensuring people have the best possible housing option reflecting the dignity we all deserve.

**Purpose Construction** is a non-profit social enterprise that employs people who face barriers to the formal labour market, including individuals on social assistance and or have just recently been released from incarceration. Purpose Construction helps to identify and help eliminate barriers to employment. The services they earn revenue from include: Property Maintenance, MB Housing – Unit refresh / make ready, Bug N Scrub Service, Demolition & Salvage, Energy Efficiency Retrofits, Residential & Light Commercial Renovations, Workforce staffing solutions and most recently construction and sale of homes to meet the growing need of affordable home ownership through its Purpose Homes division.

Once again, way to go Purpose Construction on their ongoing efforts to reduce poverty and the complete repayment of their loan commitment which is now Paid-in-Full. ***It is because of investments from our impact investors, and donations from generous individuals making their resources available to Jubilee Fund, that we are able to assist organizations like Purpose Construction in their efforts to provide access to employment to people with barriers in Manitoba while providing services that reduce poverty; THANK YOU.***

Purpose Construction is an example of an organization where every dollar of your investment is leveraged in numerous ways to affect and reduce poverty.
